

WHAT YOU NEED TO KNOW ABOUT DENGUE FEVER **By: Dr Captain Gerard Lawrence**

Coco Jam Ballroom, Frangipani Hotel, Pantai Tengah
Monday 26th January 2015, 8 pm

This is a FREE talk and all are welcomed.

Do you know what causes dengue fever? What are the signs and symptoms of dengue fever? What do you need to do if you have the symptoms? How can you be prevented from being infected? What steps can you take to stop the mosquitoes that cause dengue to breed? All your questions answered. Is Malaysia an epidemic? What is the treatment involved? Can one die from dengue? What does the statistics say? Are children treated differently from adults. Can one be immunised from dengue?

All this and more and you have a chance to ask Dr Gerard questions.

About the Speaker:

Dr Gerard Lawrence trained in Russia State Medical University, Moscow. He is a medical doctor with the Malaysian army stationed at the naval base here in Langkawi. He was the attending medical officer in the Navy's effort to search for the missing Malaysian Airlines plane. Dr Lawrence has run medical camps in schools and has provided free health check ups for a local orphanage.

He is a Rotarian and a club officer in charge of membership and new generation. Dr Lawrence is also president elect and will take up his presidency of the Rotary Club of Langkawi in July 2015.

ALL ARE WELCOME!

No need to call . Just turn up and enjoy the informal talk.
