

WHAT'S UP RCL?

OFFICIAL NEWSLETTER OF ROTARY CLUB OF LANGKAWI

October 2015 / Issue No. 27

A RECENT SUCCESS

This year, RCL's signature project was given a face-lift using the hashtag **#LangkawiMangroveCleanUp #LMC #RCL**. Set to achieve a bigger outcome with more participants and more activities, this event proved to be a tremendous success!

Almost 1200 participants clad in soothing green 'Say No to Plastic' Tees went on a massive cleanup of Kilim, collecting about 4.5 tonnes of rubbish.

#LANGKAWIMANGROVECLEANUP #LMC #RCL

On 3rd Oct 2015, our signature project kicked off with opening ceremony by YBhg laksamana Pertama, Rosli b. Yoob, Dr Gerard Lawrence and DG 3300 Siti Zubaidah. After breakfast, all participants set out to clean up our famous Geopark. Zumba sessions for those who were waiting for their turns, essay and photo competitions, free Tees and certificates sure kept the crowd going!

Think our event was a success?

You bet!

Did we get famous?

Well, with TheStar, Bernama & LangkawiFM giving us coverage, I'm sure we are. Just look at how handsome David looks in the newspaper. We have also been contacted by TheStar for collaboration for a project for young journalists dubbed BRATS.

"We are a service club, not a charity organization" – David Bradley

Rotary District 3300 Jamboree

A Rotarian fellowship organized at Frangipani and RedSky one day before our #LMC. A great night out with members from different clubs making new friends & catching up with each other.

TREATING & CARING FOR YOUR BLOOD VESSELS" BY DR ANDREW CHUAH

Health talk held at CocoJam Ballroom on 12th Oct 2015 saw almost 50 participants who had their glucose and cholesterol levels checked on the spot. Other than that, blood picture analysis was also done for several patients.

This health talk managed give a better understanding regarding blood vessels to all those who attended as well as raise some funds for RCL.

UNICEF CELEBRATING CHILDREN AT THE WESTIN

There were many fun activities organized for the children, such as traditional games, mini zoo, food stalls, lucky draws, drawing competitions, cooking classes, "HARAPAN" wall, and tree naming ceremony, treasure hunts and many others. Rotarians joined in the fun and added on much cheer by distributing wristbands sponsored by Klinik Mahsuri to all the children present there.

UPCOMING PROJECTS:

- RCL & The BRATs project
- Rumah Nur Kaseh cleanup & medical camp
- Mass CPR
- Beranda Art Gallery charity auction
