Dear Mr David,

**A NOTE OF APPRECIATION FOR THE SPONSORSHIP OF FAMILY FOOD BASKETS FOR THE BLOOD DONATION DRIVE**

I would like to express my appreciation for the sponsorship of family food baskets during the blood donation drive which took place in Langkawi Parade Shopping Center on the 6<sup>th</sup> of February 2021.

2. Blood donation is an essential service to meet the needs for the patient care. Unfortunately, the ongoing pandemic has affected the blood collection in the state of Kedah resulting in decrease number of blood products in the hospital. While the need for the blood component is constant, a limited supply of the products will affect the treatment of our patients here in Langkawi.

3. The Department of Pathology and Transfusion Medicine of Hospital Sultanah Maliha would like to extend a heartfelt appreciation to The Rotary Club of Langkawi for the generosity of sponsoring the family food baskets during the event that was held recently. With the help of your contributions, we were able to collect a total of 162 units of blood.

4. We are looking forward to future collaborations as part of our social service to community to ensure an adequate and high-quality blood supply for the patient needs.

Thank you.
